MEMORANDUM FOR: Clifford D. May, Jr.

FROM : John Hicks

SUBJECT : Cable Dissemination

Danny

Attached you will find a staff paper with my comments on various solutions to reducing the time required for cables to reach our current analysts. I recognize none of the solutions are perfect, but NFAC's plight is severe and demands immediate attention. I fully support Option 1 of the paper and seek your concurrence and cooperation in laying this problem to rest by directing OC and ODP to implement it.

As stated

Danny - I see this option as an interim measure. NFAC will continue to need a more efficient long term solution.
